The Stone Angel Ellen Page Margaret Laurence novel

The movie website for the new movie The Stone Angel has a few things to do. Here are the top things on this movie website:

1. The best thing this website offers is a chance for you to become a friend of The Stone Angel! Visit the movie's Facebook and Myspace pages and become its friend!
2. Everything else on the website is pretty basic, so go ahead and watch The Stone Angel Trailer, read about the movie (based on Margaret Laurence's novels, it's a story about Hagar Currie Shipley and set in the town of Manawaka Manitoba in the 1960s), and read about the movie cast (Ellen Burstyn as Hagar Shipley, Christine Horne as younger Hagar, Cole Hauser as Bram Shipley, Dylan Baker as Marvin Shipley, Kevin Zegers as John Shipley, Ellen Page as Arlene Drieser, and Sheila McCarthy as Doris Shipley).
3. Before you leave the movie website, don't forget to grab a download - choose from three movie wallpapers, and a Stone Angel poster. Sorry, no AIM / Buddy icons available!
