Disaster Movie Trailer Synopses

Today's movie website: the official site of the new movie Disaster Movie. There are actually only TWO things to do on this movie website! Sorry no AIM or Buddy Icons. Here's what's on the site:

1. Watch the Disaster Movie Trailer - this should help you decide pretty quickly whether or not you want to see the movie..
2. Read the Movie Synopses: from the filmmakers of Scary Movie, Date Movie, Epic Movie, and Meet the Spartans (I think you get the idea), this film is about a group of twentysomethings who try to make their way to safety through natural disasters and catastrophic events.
